Please check out my online portfolio:

Dynamic and driven third-year student pursuing a Bachelor of Mechanical Engineering and Bachelor of Finance, blending a passion for engineering principles with a keen interest in financial markets and programming.

Equipped with a solid foundation in both technical and financial disciplines, I possess a unique skill set poised to excel in diverse roles within trading, investment, and technology sectors.

With a proactive approach to learning and a commitment to innovation, I am eager to leverage my academic background and hands-on experience to contribute effectively to dynamic environments and drive impactful outcomes.

Experience
